

CHAPTER 07

Frequency Distribution Tables and Graphs

Introduction:

Krishna is watching sports news. A visual appeared on the T.V screen giving details of the medals won by different countries in Olympics 2021.

Olympics 2011 - Medals

Rank	Country	Gold	Silver	Bronze	Total
1	United States 	39	41	33	113
2	China 	38	32	18	88
3	Japan 	27	14	17	58
4	Great Britain 	22	21	22	65
48	India 	1	2	4	7

The above table provides data about the top five countries that got the highest number of medals in the Olympics 2021 as well as the number of medals they won.

Data:

Information available in the numerical form or verbal form or graphical form that helps in taking decisions or drawing conclusions is called 'Data'.

- Which country does have the highest number of medals?
- Which country does have the highest number of bronze medals?
- Write three more questions based on data provided in the table?
